## **Reflection 2**

1. Were you able to complete all parts of the project? Why or why not?
2. Do you feel you stayed on task and used your time wisely while in class? Did you improve your productivity from the first half of working on the project? Why or why not?
3. What part of the project so far have you enjoyed most?
4. What part of the project has confused you the most so far?
5. What elements of the project would you change if you had to do this again?
6. Besides information about the religion you studied, what did you learn through completing this project? What did you learn about yourself?
